Keyboard Specifications

- USB 'plug and play' connection
- Black case with subtle carbon fibre top effect and keys with bright white easy read key legends
- UV coated key legends, just like laptop keyboards ensuring the characters remain fresh and clear throughout the keyboards life.
- Full 105key US English key layout (other languages available on request)
- No multimedia and internet hot keys, ideal for situations where access to these keys would cause an issue
- Full and exposed keycaps, with membrane key mechanism for a modern look and feel
- Keys have a soft and tactile feel allowing for comfortable and natural typing
- Fold out feet to provide keyboard tilt for an adjustable typing angle
- Status LED's (Caps, Num & Scroll Lock)
- 1 Year warranty
- Brown/white box environment friendly packaging
