ABOUT

The Accuratus 260 Lower Case from Accuratus is an ideal learning board for young people. Children are often unable to differentiate between upper and lower case characters. In fact many schools only teach lower case at the beginning of a child's education. This makes the 260 indispensable for home or for school.

All keys / legends on the beige 260 are laser etched which ensures the characters remain sharp & fresh throughout the products life.
